"All My Reasons"

My eyes held open far from boredom in a Medford
machine shop
Now tell me never one situation I'll uncover some shop
Well what could I do about it when no one knows my
existence?
Can anyone hear my music?
Can anyone hear my music?
But I did not know, I did not know, I did not know
But I did not know, I did not know, I did not know
The more I find that all my reasons are all my answers
I keep waiting
The more I find that all my reasons are all my answers
I keep waiting, waiting
I've been standing here singing someone else's songs
to make a quick buck
When I'm down town New York City serenading non
stop
Well what could I do about it when no one knows my
existence?
Can anyone hear my music?
Can anyone hear my music?
But I did not know, I did not know, I did not know
But I did not know, I did not know, I did not know
The more I find that all my reasons are all my answers
I keep waiting
The more I find that all my reasons are all my answers
I keep waiting, waiting
