I'll drive in the rain  
With the window open  
But it's not the same  
When everything has changed

But while you're still near  
I'll try anything  
And I'll say all the things  
That you said you wanted to hear

But the words inside my head  
Are better left unsaid  
To lie like the ghosts beneath my bed  
Oh, yeah

Don't you know that I go crazy  
But I've nothing left to give  
Though I'll miss you for a while  
Don't you know that I go crazy  
But you're on your own tonight  
Though you know I'll miss your smile

You, you can't take back  
Half of what you give  
And you won't remember  
Half the life you've lived

But while you're still here  
I'll do anything  
And I'll say all the things  
That you said you needed to hear

Don't you know that I go crazy  
But I've nothing left to give  
Though I'll miss you for a while  
Don't you know that I go crazy  
But you're on your own tonight  
Though you know I'll miss your smile

The words inside my head  
Are better than the words I've said  
As always

Don't you know that I go crazy  
But I've nothing left to give  
Though I'll miss you for a while  
Don't you know that I go crazy  
But you're on your own tonight  
Though you know I'll miss your smile

Don't you know that I go crazy  
Though you know I'll miss your smile
