I never knew life, like I knew I would
Waking up the Roosevelt and Hollywood
Steve and Tom were doing a scene
I couldn't get by till half past three
In a year forget me not
I can't get back still I gotta stop
Who woulda thought that the wheels would fall off and
crash down
I got caught in the rain
Goodbye to cocaine
It wore me out
I never knew how
But I found my way
Goodbye to cocaine
It wore me out
I never knew how
I never knew how to take
Middle of America
The midst of a dream
I never saw the sun set in new Orleans
Never saw a beach that was so far west of my ocean
But me and my friends in the magazines
We graced teen people and J14
I got a girl from the west coast
She's my ocean yeah
Cause all I am, Is all ill ever be
I got caught in the rain
Goodbye to cocaine
It wore me out
I never knew how
But I found my way
Goodbye to cocaine
It wore me out
I never knew how
I never knew how to take
Take what we get then we turn it around
And you're lost and you're found and you wanna give
up
But its life that you love
It's your life that you love
I got caught in the rain

Goodbye to cocaine
It wore me out
I never knew how
But I found my way
Goodbye to cocaine
It wore me out
I never knew how
I never knew how to take it all in
Take it all in
