fading like a wilted flower  
even in our finest hour  
all the dreams you realize  
are sleeping here with me tonight  
hhmmmm  
words are falling off the pages  
letters kept locked like birds in cages  
feeling like I've lost my mind  
here forever missing you  
in dreams of lavish gifts we hide  
but if you'd wake up near me here  
you'll find that

*[Chorus:]*

I would be the water of waves in  
oceans crashing on the shores of your body,  
am forever sinking in your sand.  
Don't have to look much farther,  
Standing strong for you ,  
I'd steal all the salt from the raging sea,  
to bring back loves divinity today

pieces fall along the way  
scattered thoughts of yesterday  
if I could find a way  
to put this back together again  
a dream you keep inside your mind  
and if you wake up near me  
you will find

*[Chorus:]*

I would be the water of waves in  
oceans crashing on the shores of your body,  
am forever sinking in your sand.  
Don't have to look much farther,  
Standing strong for you ,  
I'd steal all the salt from the raging sea,  
to bring back loves divinity today

look what you've got  
look what you've got  
cause you're not getting any younger than  
today

fading like a wilted flower  
this could be our finest hour  
all the dreams you realize  
are sleeping here with me tonight

*[Chorus:]*

I would be the water of waves in  
oceans crashing on the shores of your body,  
am forever sinking in your sand.  
Don't have to look much farther,  
Standing strong for you ,  
I'd steal all the salt from the raging sea,  
to bring back loves divinity today

look what you've got  
look what you've got
