I want to crawl inside your womb,
I want to watch the rose on your cheeks bloom.
I want to be the face in the moon,
And watch the stars spin around your room.
All your carefully worded letters,
And your carefully spoken words.
I will continue to evolve,
I will continue to revolve around your sun.
'Cause you are the only one!...
Who understands who reaches out with both hands.
And even while your fading I'm just shivering and
waiting.
I will continue to evolve,
I will continue to revolve around your sun.
'Cause you are the only one!...
I want to drink deep from your well,
I want to be the heart for which you fell.
I want to be a shooting star,
Across the heavens to be where you are.
All your carefully worded letters,
And your carefully spoken words.
I will continue to evolve,
I will continue to revolve around your sun.
'Cause you are the only one!...
Who understands who reaches out with both hands.

And even while your fading I'm just shivering and
waiting.
I will continue to evolve,
I will continue to revolve around your sun.
'Cause you are the only one!...
I want to crawl inside your womb,
I want to watch the rose on your cheeks bloom.
I will continue to evolve,
I will continue to revolve around your sun.
'Cause you are the only one!...
Who understands who reaches out with both hands.
And even while your fading I'm just shivering and
waiting.
Who understands who reaches out with both hands.
And even while your fading I'm just shivering and
waiting.

I will continue to evolve,
I will continue to revolve around your sun.
'Cause you are the only one!...
Time missing out.
You're missing out.
I'm missing out.
We're missing out.
You are the only one...
Time missing out.
You're missing out.
I'm missing out.
We're missing out.
You are the only one...
