Stand Up
Geo Louis

I know this may sounds crazy
some people are still hatin'
on the love we have for each other
but no matter what they're saying
we gotta keep on praying
for the love we have for each other

If you need me call me
I'll be there for you
Help is on the way
This love is for you
no matter what we go through
It never goes away

I'll stand up for you, like you stand up for me
If we all stick together we can do anything
nothing can stop us and no one can block us
as long as we keep love inside us

You make me feel like an alien
The way you look at me
There's no way I would ever run
That's not how life should be

If you need me call me
I'll be there for you
Help is on the way
This love is for you
No matter what we go through
It never goes away

I'll stand up for you, like you stand up for me
If we all stick together we can do anything
nothing can stop us and no one can block us
As long as we keep love inside us

Sometimes when you don't say nothing
You'll be screaming louder
Sometimes when you don't say nothing

Your words work much harder

I'll stand up for you, like you stand up for me
If we all stick together we can do anything
nothing can stop us and no one can block us
as long as we keep love inside us
