Work by Geo Louis

I wrote this song while you ere in the other room  
Watching you walk away was just so hard to do  
I couldn't sleep all night, It was because of you  
I tossed & turned all night, with what you put me  
through

I been drinking-drinking  
I keep myself thinking  
I don't hat no-ody else  
I'm not eating eating  
Working through the weekend  
Doing over time by myself

Working-working-working on Love-love-love  
And it feels like a nine to five  
I'm punching that clock  
And I'm working on stop  
Oh I gotta keep this love alive

WORK WORK WORK  
Work it like a nine to five  
WORK WORK WORK  
Gotta keep this love alive  
WORK WORK WORK  
Work it like a nine to five  
WORK WORK WORK  
Work it like that

See I run my own business  
And I think that you should listen  
'Cause I really got a lot to say  
Tell me are we doing business  
Or should I just forget this  
Should I just go my own way

I been drinking-drinking  
I keep myself thinking  
I don't hat no-ody else  
I'm not eating eating

Working through the weekend  
Doing over time by myself

Working-working-working on Love-love-love  
And it feels like a nine to five  
I'm punching that clock  
And I'm working on stop  
Oh I gotta keep this love alive

WORK WORK WORK  
Work it like a nine to five  
WORK WORK WORK  
Gotta keep this love alive  
WORK WORK WORK  
Work it like a nine to five  
WORK WORK WORK  
Work it like that

I'm working-working  
Working like a nine to five  
I'm working-working  
Gotta keep this love alive
