Bring in the riches,
And bring in the goods.
Give us all eyes
That see what they should.

People band together
And for storm in weather beware.
All the raging thunder will come
Crashing in the air!

And the meaning of right
Will be well understood
When that old seed of evil
Gets washed up good.

Follow down the line,
There is no need
For a break in order
Everyone will get their time

Then bottom the anchor
Unset the sail!
People stand ashore!
And watch evil get washed some more!

And the meaning of right
Will be well understood
When that old seed of evil
Gets washed up good.

And the meaning of right
Will be well understood
When that old seed of evil
Gets washed up good.
