Everybody is saying that you are right.
But only I, know the truth about you.
You'd rather see me dead and starved
Yes it's true.
You're as hard as stone and as cold as ice.
And you're going to get what's coming to you
If you don't take my advice.

You get what you can,
while the going is good.
but you know in your mind, you're pushing me
far more than you should...
Right now, my happiness only comes from pretending
Because you've already stomped on my pride,
which I should be defending.

I let you get away with what you did,
I was only being very, very nice.

But you had to take me for someone who's stupid...
You know, I don't like to prove my fights.

Because time,
will show the truth of the matter,
that my kindness was to flatter,
and only to flatter.
I'm not saying that I'm any kind of liar
but why should I let you step on me?
Just to get yourself higher.

Everybody is saying that you are right.
But only I, know the truth about you.
You'd rather see me dead and starved
Yes it's true.
You're as hard as stone and as cold as ice.
And you're going to get what's coming to you
If you don't take my advice.
