[Mr. Lil One]  
(Laughing) Hey Shadow

[Mr. Shadow]  
Sup Dawg

[Mr. Lil One]  
See that mothafucka over there tryin to mad doggin  
He's lookin like the sun's up in his face  
You know why

[Mr. Shadow]  
What's up

[Mr. Lil One]  
Look at his girl  
She's lookin at who?

[Mr. Shadow]  
Us

[Mr. Lil One]  
I'm so excited got your bitch on my dick  
And the hoe want to ride it

[Mr. Shadow]  
I'm so excited got your bitch on my dick  
And the hoe want to ride it

[Mr. Lil One]  
I'm so excited got your bitch on my dick  
And the hoe want to ride it

[Mr. Shadow]  
I'm so excited got your bitch on my dick  
And the hoe want to ride it

[Mr. Shadow]  
I remember when I met you  
I knew I had to sweat you  
Had me all erected so how could I neglect it

Seen you around meant your man was in the county  
Set to serve a bid now I'm headin to where you live  
I got me a posse forget you or not  
Maybe we could talk and exchange our inner thoughts  
Knowin one another but keep it undercover  
I got to keep a secret if I want to be your lover  
Now keep it on the down low, nobody knows  
Sippin on my beer as you're whisperin in my ear  
Tellin me your real and that you want to feel  
Like you would ever leave me, descive me, believe me  
Never have I trusted a women that I lusted  
Now were always screwin and nobody could ruin it  
Thats what you told me, when you would hold  
Now I hold a grudge from the colors that you show me

Chorus

[Mr. Lil One]

I got scopes that are deadly like strokes when I roll by  
Everybody sayin hi, I'm not knowin why  
All up in the mix and still triple sixen  
I brag when I sag with a bag full of trixes  
Stay away from the rain when it falls  
The baddest of them all hit it up on your walls  
Kinda like Ritchie Valens I got the fame  
I'm young and bad and I'ma blow up like his plane  
It gets kinda a critical when I get lyrical  
Words that I speak got your fiendin like tweak  
Show em no pity down to the gritty  
Kinda like when Jesus got jumped by a whole city  
It gets scary so watch who you marry  
She might be the first one to laugh when you're buried  
Take you for your goods all alone in the woods  
Sufferin lonely what about your homies  
Everybodies fake so watch who you trust  
The girl that you love is the girl that I lust  
Watch as I take her, show you shes a faka  
Go ahead baby shake your money maker

Chorus

[Mr. Shadow]

I creep and I crawl  
I shoot and make em fall  
I'm posted on your walls  
Now who you gonna call  
It's me and my dawg through the fog breakin laws  
2 bald headed thugs with the slugs for the cause  
Pause, hold up, wait up, and give me an minute  
Remember it was you and only you all up in it  
But all of a sudden, your mind went through changes

[changes]  
Never talk to strangers [strangers]  
You should of told her, beggin me to hold her  
Look over your shoulder Hi it's me  
And all because of a rap got a knife in your back  
You're crazy for life now shes gonna be your wife  
Now ain't that a shame when she calls out my name  
[Shadow]  
So how do you feel, are you fake or ya real  
So why don't you come and face me  
You lick her and you taste me  
And even though you hate me  
I'm knownin that you praise me

Chorus
