twisted and entwined
bound to a pole
torn white cotton
ripped from your hole
bruised and whiplashed
nil by mouth
you're going nowhere
'til i've been south

i put you in pigtails
to match your navy sailor suit
your ankle socks as handcuffs
but you still look cute
your black patent shoes
they land like bricks
but you seem to be loving it
my slanty eyed chick
yeah you seem to be loving it
my slanty eyed bitch

you look so innocent
you might be by day?
but your bukkake smile
gives the game away

i guess this must be heaven
and you're my angel of darkness

your baby soft skin
i'm gonna harness and tarnish
your long black mane
lays tangled and knotted
same time next week? you say
ooh i'm becoming besotted

you love the toys
you love the pain
you come back for more
time and time again / again and again

you just passed your 'A' levels
but i've split you in two

you're a battered broken doll
dozo yuroshiku
you're a battered broken doll
nice to meet you

i'm sick and you're perverted
normal conditions un-reverted
i'm sick and you're perverted
normal conditions un-reverted
you seem to be loving it
yeah you seem to be loving it
un-reverted, normal conditions
un-reverted, un-reverted
