Just woke up, it's 07:05
Should have woken up with your view in my eyes
I've gotta raging hard on with your name written on it
I went to end it but thought better of it

Fucking hell girl, what am I saying?
With my body, my soul and my mind, you've been
playing
I'm pervers, deviated
I'm a slave for your leisure
Treat me good, treat me bad
Treat me however, I'm your pleasure, treasure

Slave, slave, slave, slave

What you see is what you get and what you get is what
you see
Go ahead, do what you like with me
I'm devoted, I'm your devotee
I'm a slave for your pleasure but that's what I wanna be
I said go ahead, do what you like with me
I'm your slave but that's what I wanna be, that's what I
wanna be

Slave, slave, slave, slave

Slave, slave, slave, slave
