It's not the weather that's making me shiver its all  
The arguments the shit that he gives her  
Oh I know  
If it were up to me  
She'd never be unhappy

She truly has the looks to kill  
About as rare as a two dollar bill  
I wish that she would read between the lines

What's up with these games?  
He treats like she doesn't mean anything  
She can be so sweet  
Why doesn't she see what's happening?

I'm being dragged down by the drama  
I'm being dragged down

It's not the weather that's making me bitter  
It's the  
The way I feel when I see him kiss her  
Why don't you realize you're fooling yourself  
Why don't you realize

She truly has the looks to kill  
About as rare as a two dollar bill  
I hope someday she'll read between the lines

What's up with these games?  
He treats like she doesn't mean anything  
She can be so sweet  
Why doesn't she see what's happening?

He's an intricate liar  
And I'm wrapped up with desire  
The fact of the matter, it's just lust and not love

I'm being dragged down by the drama  
I'm being dragged down (by the drama)  
I'm being dragged down by the drama  
I'm being dragged down

Baby look at all the signs  
You need to read between the lines  
Baby look at all the signs  
You need to read between the lines

What's up with these games?  
He treats like she doesn't mean anything  
She can be so sweet  
Why doesn't she see what's happening?

He's an intricate liar  
And I'm wrapped up with desire  
The fact of the matter, it's just lust and not love

This whole thing makes me shiver  
More than, more than  
I would, I would  
Through a  
Chicago winter

I'm being dragged down by the drama  
I'm being dragged down
