Make that ass clap make it snap (Talk to me now)  
Make that ass smack when I slap (Talk to me now)  
If you is the baddest, booty the phatest  
Let me hear you holla out I yi yi

[Verse 1: Project Pat]

It's ya boy P-A-Tzah, knowin' how to please her  
Hit from the back cause these gals off the heeza  
Bend over I'm strokin' yo butt needs a pokin'  
The hydro is smokin' there's nut in ya throatin'  
Yo booty is floatin' all round the rooma  
My thang full of gin so dat puddy is dooma  
Assume the position, mug in the pillow  
Hand on the head bow best not to let go  
Ya hand may end up slippin head gets a crackin'  
I'm all on dat clit and back gets a smackin'  
A doggin' a slappin' my thang in yo stomach  
No food before we drank so you's bout to vomit  
You swear you can take it so baby don't fake it  
Let's go get a room get high and get naked  
You say that you real and you claimin' the hoody  
The rubber to thang and my thang in yo puddy

[Verse 2: Juvenile]

Uh, uh, uh, uh, uh  
This nigga be bow-legged and gobby  
Attitude fucked up cause that hand on my garment  
Poppin' necks, grabbin' hoes chest  
Tryin' to get under they dress  
Hope they don't holler rape and have me in co-nnects  
Whodi I don't need no more debt  
I'ma have talk to these hoes  
I ain't stupid I'm from the pro-jects  
And we don't need nothin' we know sex  
If a bitch think I'm workin' this son, pussy get more wet  
So let's get it crack-a-ling time  
I got that cake man  
So lil' mama be shakin'

Tell ya girl to shut up, you ain't hearin' nathin'  
Bitch she goin' with Juvenile so quit all that hatin'  
This motherfuckin' club already hot  
Police been towin' niggas shit for double parking in  
spots  
I'm tryin' to have a private party or something ya know  
My dick got hard when ya was shakin' that ass ya know

[Hook x2]

[Verse 3: Project Pat]

Its gold mouth stackin' dollars  
Where yo sister at cause she swallers  
Big juicy fat I must hollers  
See you in yo pants I may follers  
Wearin' tight clothes make y'all scholars  
Freaky young broads that love ballers  
Hesitate to talk nigga stallers  
You can let the steam out yo collars  
Love gettin stuck on four hours  
Jacuzzie, living room, showers  
Nipples on hard some big knockers  
Eyes got bigger than BluBlockers  
Coochie real tight like school lockers  
Treat a lame dude like a true sucka  
Most gonna pay cause they love her  
Dog anyway I will knock her
