"Capital G"

I pushed a button and elected him to office and a
He pushed a button and it dropped a bomb
You pushed a button and could watch it on the
television
Those motherfuckers didn't last too long

I'm sick of hearing 'bout the 'haves' and the 'have nots'
Have some personal accountability
The biggest problem with the way that we've been
doing things is
The more we let you have the less that I'll be keeping
for me

Well, I used to stand for something
Now I'm on my hands and knees
Traded in my God for this one
He signs His name with a capital G

Don't give a shit about the temperature in Guatemala
Don't really see what all the fuss is about
Ain't gonna worry 'bout no future generations and a
I'm sure somebody gonna figure it out

Don't try to tell me how some power can corrupt a
person
You haven't had enough to know what it's like
You're only angry 'cause you wish you were in my
position
Now nod your head because you know that I'm right, all
right

Well, I used to stand for something
But forgot what that could be
There's a lot of me inside you
Maybe you're afraid to see

Well, I used to stand for something
Now I'm on my hands and knees
Traded in my God for this one
And He signs His name with a capital G

Well, I used to stand for something

But forgot what that could be
There's a lot of me inside you
Maybe you're afraid to see

Well, I used to stand for something
Now I'm on my hands and knees
Traded in my God for this one
And He signs His name with a capital G
