kinda like a cloud i was up way up in the sky and i was
feeling some
feelings
you wouldn't believe sometimes i don't believe them
myself and i
decided i was
never coming down. just then a tiny little dot caught my
eye it was
just about
too small to see. but i watched it way too long and that
dot was
pulling me
down.
i was up above it.
i was up above it.
now i'm down in it
i was up above it.
i was up above it.
now i'm down in it
well shut up so what what does it matter now. i was
swimming in the
haze now i
crawl on the ground. and everything i never liked about
you is kind of
seeping
into me. try to laugh about it now but isn't it funny how
everything
works
out ("I guess the jokes on me." she said)
i was up above it.
i was up above it.
now i'm down in it
i was up above it.
i was up above it.
now i'm down in it
i used to be so big and strong.
i used to know my right from wrong.
i used to never be afraid.
i used to be somebody
i used to have something inside
now just this hole that's open wide.

i used to want it all
i used to be somebody
i'll cross my heart and hope to die but the needle's
already in my
eye. and
all the world's weight is on my back and i don't even
know why. and
what i
used to think was me is just a fading memory
i looked him right in the eye and said "goodbye."
i was up above it.
i was up above it.
now i'm down in it
i was up above it.
i was up above it.
now i'm down in it
