now i'm down in it
now i'm down in it
now i'm down in it
now i'm down
now i'm down
now i'm down
now i'm down
now i'm down

into me
try to laugh about it now (into me)
but isn't it funny how everything works out (try to)
("i guess the jokes on me," she said) (try to)

i was up above it
above it
above it
above it
i was up above it
i was up above it
i was up above it
i was up above it

somebody

some, some
some, somebody
some, some
some, somebody

now i'm down in it

somebody

now i'm down in it

now i'm down in it

somebody

rain rain go away come again some other day

rain rain go away come again some other day
rain rain go away come again some other day
rain rain go away come again some other day
