I woke up today to find myself in the other place
With a trail of footprints from where I ran away
It seems everything I've heard just might be true
And you know me, well you think you do
Sometimes, I have everything yet I wish I felt
something

Do you know how far this has gone?
Just how damaged have I become?
When I think I can overcome
It runs even deeper

In a dream I'm a different me, with a perfect you, we fit
perfectly
For once in my life I feel complete and I still wanna ruin
it
Afraid to look, as clear as day, this plan has long been
underway
I hear them call, I cannot stay, the voice inviting me
away

Do you know how far this has gone?
Just how damaged have I become?
When I think I can overcome
It runs even deeper

Everything that matters is gone
All the hands of hope have withdrawn
Could you try to help me hang on?
It runs

I'm straight
I won't crack
On my way
And I can't turn back

I'm okay
I'm on track
On my way
And I can't turn back

I stayed

On this track
Gone too far
And I can't come back

I stayed
On this track
Lost my way
Can't come back

I stayed
On this track
Lost my way
Can't come back

I stayed
On this track
Lost my way
Can't come back

I stayed
On this track
Gone too far
And I can't come back

I stayed
On this track
Lost my way
Can't come back
