gave up trying to figure out my head got lost along the
way

worn out from giving it up my soul i pissed it all away
still stings these shattered nerves

pigs we get what pigs deserve

i'm going all the way down i'm leaving today

come come come on you've gotta fill me up

come come gotta let me inside of you

come come come on you're gotta fix me up

come come gotta let me inside of you

still feel it all slipping away but it doesn't matter
anymore

everybody's still chipping away but it doesn't matter
anymore

look through these blackened eyes

you'll see ten thousand lies

my lips may promise but my heart is a whore

come come come on you've gotta fill me up

come come gotta let me inside of you

come come come on you're gotta fix me up

come come gotta let me get through to you

this isn't meant to last

this is for right now

i know it's all getting away it comes to me as no
surprise

i know what's coming to me is never going to arrive

fresh blood through tired skin

new sweat to drown me in

dress up this rotten carcass just to make it look alive

come come come on you've gotta fill me up

come come gotta let me inside of you

come come come on you're gotta fix me up

come come gotta let me get through to you

this isn't meant to last

this is for right now

i wish i could put the blame on you

i want you to make me

i want you to take me

i want you to break me

then i want you to throw me away
