The sky is not the same shade of blue
Every single thing I believe isn't true
Missing in the maze of monochrome
How did I get here, how can I go home

The echoes in my eyes, of all they used to see
Burning down the world, the ashes and debris
And all that's left to me, non-entity

Try to stand the line, try to obey
The ghost of what I was keep getting in the way
Staring at the sun, I'm blinded by the light
Now I'm afraid I'm fading out of sight

The echoes in my eyes, of all they used to see
Burning down the world, the ashes and debris
And all that's left of you, and all that's left of me
All have washed away, non-entity...
