without you...without you everything falls apart  
without you...it's not as much fun to pick up the pieces  
without you...without you everything falls apart  
without you...it's not as much fun to pick up the pieces  
it's not as much fun to pick up the pieces  
it's not as much fun to pick up the pieces  
without you...without you everything falls apart  
without you...it's not as much fun to pick up the pieces  
(chrous fades away)  
(strings play intro)  
(heavy guitars play)  
when i sit alone i think of you  
(and all the things you do)  
why do you make me cry  
(your monster i hope you die)  
breathe out (breathe in)  
your pain begins  
breathe out (breathe in)  
your life begins  
whats with you stuped bitch what more could  
you take you life behind your lies so smug  
and fake.  
as i break away i see the light of day  
cold  
days rest, i see the way make a path  
for a new day you know what im gonna  
do, (THERE WONT BE MORE LIKE YOU)  
breathe out (breathe in)  
your pain begins  
breahte in (breathe in)  
your life begins
