Are you looking for the truth or for another fight?
If you wanna give a war then won't they give it up
tonight?
Freedom ain't looking for a, ain't looking for a fight!
If you wanna give a war then won't they give it up
tonight?

The world that circles around me,
could benefit from the silence,
this song is my enemy,
watch how I become it,
cradled by history and make-believe I am floating in
the evernight,
(it) shows you what's upon me,
this man and his army,
are praying that this fortune will make us guns and
steeple,
insurgents of people,
the messiahs that immigrants detained at the border,
severed from this trinity,
his wife and his daughter.

America the Beautiful!
Not beheaded and held down,
lynched, burnt and thrown down,
it seems our favorite pastime has become a hole-
studded future, technology has failed us...

Freedom ain't looking for a, ain't looking for a fight!
If you wanna give me more then won't they give it up
