I got my head but my head is unraveling  
cant keep control can't keep track of where it's  
traveling

I got my heart but my heart's no good  
and you're the only one that's understood

I come along but I don't know where you're taking me  
I shouldn't go but you're wrenching dragging shaking  
me

turn off the sun pull the stars from the sky  
the more I give to you the more I die

and I want you

you are the perfect drug  
the perfect drug  
the perfect drug

the perfect drug

you make me hard when i'm all soft inside  
I see the truth when i'm all stupid-eyed  
the arrow goes straight through my heart  
without you everything just falls apart

my blood wants to say hello to you  
my fears want to get inside of you  
my soul is so afraid to realize  
how very little there is left of me

take me with you  
without you everything falls apart  
it's not as much fun to pick up the pieces
