Well you've got me workin' so hard lately
Workin' my hands untill they bleed
If I was twice the man I could be
I'd still be half of what you need
Still you lead me and I follow
From the small of your back up to your chin
Over to the tip of your switchblade
As you pull it out as you stick it in

Twist twist twist
It can go a little deeper
Twist twist twist
I'm wearin' these chains
Twist twist twist
You make it hurt real good
Twist twist twist
I love the pain

Well you just leave me nailed here
Hanging like Jesus on this cross
I'm just dying for your sins
An aide to the cause

Twist twist twist
It can go a little deeper
Twist twist twist
I'm wearin' these chains
Twist twist twist
You make it hurt real good
Twist twist twist
I love the pain

Wrap my soul in bandages
I'm tired of this war
Go ahead and cut me
I can't even feel it anymore

Twist twist twist
It can go a little deeper
Twist twist twist
I'm wearin' these chains
Twist twist twist

You make it hurt real good
Twist twist twist
But I love
Love the pain

Twist twist twist
It can go a little deeper
Twist twist twist
I'm wearin' these chains
Twist twist twist
Make it hurt real good
Twist twist twist
I love the pain

Twist twist twist
Twist twist twist
Twist twist twist
Twist twist twist

(Turn it on...turn it on...)

Is this on?
Oh.
I'm so tired I can't get to sleep
The squeaking of the bed
Is right in time with the song that's repeating in my
head
It's uncomfortable to remember
How I used to like a good fuck every once in awhile
I just wanted you to know
That when I do it...

I only think of you
