Looking back to the past  
I see you, your smile it lasts  
Sitting here my heart is cold  
Over there I see a glow  
Now you've caught me in a stare  
And it's hard for me to bear  
You watching me, watching you

The train has passed, she is gone,  
A chance is lost, a memory's born  
If I knew, where you're going  
I'd ride the breeze and catch you there  
All I had was a perfect view  
Watching me watching you

Now we wait for time to pass  
In an empty hour glass  
These moments take me back to you  
Watching me, watching you.

I'm fallin' out, I'm lost in love  
I can see the light of day  
I'm drifting back to the shore  
I'll be walking tall again  
And you've got me in a stare  
And it's hard for me to bear  
I can't win and I can't loose  
I'm watching me, watching you.

Now we wait for time to pass  
In an empty hour glass  
These moments take me back to you  
Watching me, watching you.

And you've got me in a stare  
And it's hard for me to bear  
I can't win and I can't lose  
I'm watching me, watching you.

Now we wait for time to pass  
In an empty hour glass

These moments take me back to you  
Watching me, watching you.
