It's not like I'm invisible  
You still wear me under your skin  
When we talk, we don't talk at all  
Too weak to leave, too stubborn to give in  
Who is gonna be the first to say a truce  
It's not enough that we should part, can't stop fighting  
too  
We don't let go, we can't get close  
I still need you when you still need me  
This tug of war, can't go on anymore  
Nobody wins from this misery  
Freeeeee ahhh ahhh ahhh  
Well oh can't you see, I wanna be free, I want you to be,  
free  
It's not like she isn't loving you  
It's just that you can't be alone for too long  
I'd like to wish you all the happiness  
Maybe the truth is It'll kill me if you move on  
Who is gonna be the first to say enough  
Who is gonna be the first one to find true love  
We don't let go, we can't get close  
I still need you when you still need me  
This tug of war, can't go on anymore  
Nobody wins from this misery  
Freeeeee ahhh ahhh ahhh  
Well oh can't you see, I wanna be , I want you to be,  
free  
Let it be, let it be, just a beautiful memory  
Anything that starts will have an ending  
Let it go, let it go, yeah cause we both know  
This will only be over when were, free  
Yeah yeah yeah, oh when were freeeee  
Oh oh I know ohh  
We don't let go, we can't get close  
I still need you when you still need me  
This tug of war, can't go on anymore  
Nobody wins from this misery  
Freeeeee ahhh ahhh ahhh  
Well oh can't you see, I wanna be, I want you to be  
Whoa, free ahhh, I wanna be, I want ya to be  
Oh can't we be, free  
Oh I wanna be, free, yeah yeah yeah
