Woah
Wonderland
Woah
Wonderland

We've been through everything
For the last year and a half
Going everywhere
Seeing the world
Me and my man
Being his girl

Come on sister
Stand up and love
Come on everybody
Raise up the love
Come on sister
Don't cry
It's around the corner
Aint no denying

Woah (gunna make you feel)
Wonderland
Woah (gonna make you feel)
Wonderland

You've been lying there
In the sun
Waiting for shade
It's cool when your...
Some one who really cares
And to be his girl

Come on sister
Stand up and love
Come on everybody
Raise up the love
Come on sister
No more crying
It's around the corner
Aint no denying

Woah (gunna make you feel)
Wonderland
Woah (gunna make you feel)
Wonderland
Fairytale do come true
If you want them to
Woah (It's about what's real, Gunna make you feel)
Wonderland

Come on, come on (x2)

Come on sister
No more crying
It's around the corner
Aint no denying

Woah (its about what's real, it's the way you feel)
Wonderland
Woah (its about what's real, it's the way you feel)
Wonderland
Woah (its about what's real, it's the way you feel)
Wonderland
Woah (its about what's real, it's the way you feel)
Wonderland
Fairytale do come true
It's about what's real
Gonna make you feel
Woah (its about what's real, it's the way you feel)
Wonderland
