Along the way

She may say it's over

And he won't cry

But deep inside he's gone

He'll turn away

And she can't help but say

"I don't mind being one of those fools

Maybe love, maybe love is meant to be blue"

"Let's take a drive"

She curls up inside smiling

And this time he knows what he wants

And he throws away his cares

It don't look like love

It don't seem like it should

But how could she ever refuse?

When maybe love, maybe love is meant to be blue

Look at that girl

There in the window like a secret

Pushing on the glass

While he stands in the back quiet

And some may perceive

But she won't believe

That we're all in it to lose

Maybe love, maybe love is meant to be blue
