Today i told a lie that's worth believing
Today ill just be happy for no reason
I'm still waiting on the perfect drug
I feel really, i feel really numb

Hello to my drink that gives
Me wings where i have shoulders
We go so good together
Call mom and tell her i've fallen in love
I've fallen in love

Today i found a lie that's worth telling
Today ill just act pissed off for no reason
I'm still waiting on the perfect drug

I feel really, i feel really numb

Hello to my drink that gives
Me wings where i have shoulders
We go so good together
Call mom and tell her i've fallen in love
I've fallen in love

Fallen in love.....

Hello to my drink that gives
Me wings where i have shoulders
We go so good together
Call mom and tell her i've fallen in love
I've fallen in love
