I feel so close, I feel myself weigh
Hey hey hey
Found a new hook, found a new catch phrase
Hey hey hey
But if I took off my disguise and didn't wear it anymore
Left it in the middle of the floor
Tell me, would you recognize me?
Would you recognize me?

Okay okay, you'll get what you want (don't look so empty)
Okay okay, whatever you want (don't look so empty)
It's okay
It's okay (don't look so empty)
It's okay
It's okay (don't look so empty)

I live simple, I live in a haze
Hey hey hey
Just a sec, no more
Then I'll be okay
Hey hey hey
But if I put down my guitar and didn't play it anymore
Left it in the middle of the floor
Would everyone forget about me?
Would you forget about me?

Okay okay, you'll get what you want (don't look so empty)
Okay okay, whatever you want (don't look so empty)
It's okay
It's okay (don't look so empty)
It's okay
It's okay (don't look so empty)

Yeah yeah yeah
Okay now wait wait you
Let me think about this through
I got one hand that go stays left then one right that
says don't you move move
Stepping out of my world is like tending on the moon

Everything that we spilt together can't sweep with no broom

You strings strung on my heart

Keep it all base from the start

I want to play your piano, but I only play accordion

To what I know best

I close my eyes and let the rhythm rest

Feel my soul with every chance I breath

Trouble around the world with every girl

Parting the sea for every moment

Looking at where I started

Can't believe I wrote this

Proofreading this letter

I'm feeling kind of bogus

Sharing all my dreams, feelings spirits I ain't seen

I thought that we be here forever

Forever ever?

Instrument, one mic

A small room, no light

Surrounded by imagination

The courage I give it is half the maintenance

If this is my last chance with you

You bet I'm going to take it

It's okay

It's okay (don't look so empty)

It's okay

It's okay (don't look so empty)

Okay (don't look so empty)

It's okay

It's okay (don't look so empty)
