If you want a sweet sweet love tonight call me  
And I'll make you feel alright. When you're out  
And running round  
Playing games all over town  
Turn around  
Come on down  
I'll be there  
Yeah  
Yeah.  
Honey now I'm on my way  
I'm on fire.  
Yes  
I am  
I'm on fire  
Honey now I'm on my way  
I'm on fire.  
I'm on fire  
Baby  
Honey now I'm on my way  
I'm on fire  
Yes I am

My baby  
Honey now I'm on my way  
I'm on fire  
I'm on fire burning.  
If you want some sweet sweet love from me  
Take a chance with someone new  
You'll see  
I can make you're fire burn with a touch or just one kiss  
Turn you on  
All night long  
You'll be gone  
Gone  
Gone.  
Honey now I'm on my way  
I'm on fire . . .  
If you want some sweet sweet love from me . . .
