You had me  
From the start  
And I couldn't shake it  
I had to know  
Who you are  
If this is a chance I'll take it  
Swallow my pride  
Divide words inside  
Please don't hold back  
Say what you want to say  
This could be just for tonight  
It could mean nothing at all  
And we couldn't bear falling in love  
But I guess the night's still young  
Na na na na  
Na na na na  
Na na na na na na na (x2)  
And I don't  
Do this often  
But there's a chance that I'm your type  
And I've got  
Nothing to lose  
No it's not wrong  
But who says it's right  
Swallow my pride  
Divide words inside  
Please don't hold back  
Say what you want to say  
This could be just for tonight  
It could mean nothing at all  
And we couldn't bear falling in love  
But I guess the night's still young  
What if I told you this is not who I am  
But if I fooled you, would you go along with it?  
And I know that I'm taking a chance with you  
And I know this is something I've gotta do. (x2)  
This could be just for tonight  
It could mean nothing at all  
And we couldn't bear falling in love  
But I guess the night's still young  
Na na na na

Na na na na  
Na na na na na na na (x2)  
You had me  
From the start!
