Thinking of our final words,
Memories now in the past,
Just like a play with no beginning,
Our ending went by way to fast
Cause he was a time bomb,
And she was the fuse,
The resulting explosion would daze and confuse
Their problems began to pile up,
They loved,
They fought,
And they broke up

They've seen it all before
They're tired,
They've played this game for so long
Not liars,
Their truths were not as strong

Trying now to understand,
And push it back into my mind
I'll move on, I will not slow down,
To dwell on you would waste my time
Cause she was so fragile,
And he was immune

Expired,
More time cannot be found
They're chasing,
A sunset that never goes down
He was immune,
The courtship of errors began too soon

They both tried so hard to save,
They screamed,
They yelled,
They dug their graves

They've seen it all before
They've seen it all before
They're tired,
They've played this game for so long
Not liars,

Their truths were not as strong

Expired,
More time cannot be found
They're chasing,
A sunset that never goes down
They're chasing,
They're chasing
They've seen it all before
They're falling,
They're falling
Falling on the floor
Whoa!

They're tired,
They've played this game for so long
Not liars,
Their truths were not as strong
Expired,
More time cannot be found
They're chasing,
A sunset that never goes down
