I've never seen a scene like this, mixed drinks mixed
with all the right kids
I'm pretty sure we were meant for this so just let go
Cause it's a night that we can't miss, and no one knows
when it will end
I'm pretty sure we were meant for this so just let go
This is it now everybody look out for what we gotta say
It's a new crowd this is in a new town, and we're here to
stay
We are what we live for
We are a new metaphor
We are the writing on the wall
We are California
We are comin' for ya
We are the writing on the wall
Wall
Took every cell to sell this out, we had a dream that
was plagued by doubt
I'm pretty sure our time is now so make this count
You never try, you never know, just how far that this
might go
I'm pretty sure our time is now we'll make it count
This is it now everybody look out for what we gotta say
It's a new crowd this is in a new town, and we're here to
stay
We are what we live for
We are a new metaphor
We are the writing on the wall
We are California
We are comin' for ya
We are the writing on the wall
We are what we live for
We are a new metaphor
We are the writing on the wall
We are California
We are comin' for ya
We are the writing on the wall
We are what we live for
We are a new metaphor
We are the writing on the wall
We are California

We are comin' for ya
We are the writing on the wall
Wall
