[Hook: t]

They say if you want something, you take it  
If it's what you love, you gotta let it go  
Now is my time, I gotta make it  
The future is here, no time to take it slow  
I'm tryna touch the stars, I wanna see the moon  
The galaxy is ours, no I won't be home soon  
It's now or never, baby it's now or never  
Now or never

[Verse: gabi]

Entertain the world everyday... was it my destiny?  
Irrelevant, I am my own fate  
I day dream cause I never sleep on my dreams  
And I'm a risk it all, so I'll be sure to take it all  
Higher standards, higher conscience and  
Charisma and swag result in hella confidence  
But yet, haters tryna get the best of me  
And early on gold diggin' hoes tryna invest in me  
Uh, I can't control what everybody does  
Mostly disappointed when I expect who somebody was  
And things never happen as planned at least most of  
the time  
So I live for the moments, cause moments never die  
Y'all see us all over the net, goalie hoe  
Straight defyin' gravity in the world we know  
I'm skyline crossin' over to the other side  
Funny how I'll be more out of reach within the public  
eye

[Hook]

[Verse:]

[T:]

What do you do when goin' to school isn't the right  
path?  
I'm interested in numbers but I never liked math  
More like downloads, down hoes, and clowned foes  
I'm focused on paper too, dow jones  
Uh, my mind is clearer than it's ever been  
Knowin' there is doubt makes me realize that I better

win  
Yeah, like the heat with lebron james,  
Lookin' so right, I ain't ever got the wrong frames  
[Gabi:]  
Her name is fame, that's my future love  
Can't be tied down while I'm tryna shine in place of the  
sun  
A perfectionist, and only cause I can be  
You can imagine why I'm not feelin' a plan-b  
Dedicated to the game, league pass  
Out of reach to the opposition like a lead pass  
People claimin' "yo I do music too"  
Dawg if you grindin' the way we do I would of heard of  
you

[Hook]

[Breakdown]

[T:]

It's now or never

Ooh ooh woah

Yeah

Look in the sky if you wanna find me

Yeah

I'll be the light that's shinin'

Ooh woah

[Gabi:]

It's now or never

Ya good, I'm better

Reckless but clever

And more importantly I'm unforgettable, see man I plan  
to live forever

Free to do whatever the fuck cause we never  
surrendered to unfair, or the impossible, or set backs  
from any unexpected obstacle

Tell it how it is cause I don't care to lie, too high

#winning is the only trendin' topic on my mind
