She was the kind of girl that never quite fit in
Holes in her shows and freckles on her skin
Every time she saw those school doors open wide
She'd wanna turn around
And run back home and hide
Yeah, yeah, yeah, oh
She got used to being stuck at the back of the line
The kind that kept her head down most of the time
Secret dreams 'bout the boy in the high school band
Then wake up thinking she'd never have a chance

She's a wildflower just waitin' on a sunny day
Just waitin' on the wind of change to blow
Just a red hot spark that's lookin' for a little flame
Yeah, trying to find the perfect place to grow
She's a wildflower

She makes a wish on every single star she sees
Yeah, somewhere deep down she still believes
Prays every night before she goes to bed

Pretty soon her luck is gonna change
She just doesn't know it yet

She's a wildflower just waitin' on a sunny day
Just waitin' on the wind of change to blow
Just a red hot spark that's lookin' for a little flame
Yeah, trying to find the perfect place to grow
She's a wildflower

She's a wildflower just waitin' on a sunny day
Waitin' for the winds of change to blow
Just a red hot spark that's lookin' for a little flame
Yeah, tryin' to find the perfect place
Yeah, she's tryin' to find a place
She's a wildflower that's waitin' on a sunny day
She's the secret nobody knows
She's a wildflower
She's a wildflower

Na na na nana na nana na nana na
She's a wildflower
