"Frustration  
In my lexicon of hate  
I see you with your portraiture  
Does he love you?  
Does he love you too?"

The brush strokes  
Kiss your breasts and toes  
I cry icicles in my stein  
The heartbeats flutter  
With an abnormal rhythm

The pain shoots through my body  
A sword between my thighs  
I wish that I could kill you  
But I too love your eyes

You're feeling less whore but you stimulate  
The hatred smolders in your eyes  
I'd drop to my knees in a second  
To salivate in your thighs

But all I do is fall over  
I don't have the strength I once had  
In you and your prickless lover  
And his easel in his eyes

I feel the pain creep up my leg  
Blood runs from my nose  
I puke my guts out at your feet  
You're more man than I  
To be dead to have no feeling  
To be dry and spermless like a girl

I want so much to hurt you  
I want so much to hurt you  
I want so much to hurt you  
Marry me  
I want you as my wife

Spermless like a girl  
More man than I

More man than I

Frustration

In my lexicon of hate

You're feeling less like a whore but you

Stimulate

All I do is fall over

I don't have the strength I once had

All I do is fall over

I don't have the strength I once had

I want you so much to hurt you

I want so much to hurt you

I want so much to hurt you

I want you as a wife

Frustration is my lexicon of hate

Frustration is my lexicon of hate

Fru... fru... frustration, my lexicon of hate

I cry icicles

Heartbeats flutter

Abnormal rhythm

I wish that I could kill you

But I too love your eyes

I want you as my wife

I want you as my wife

Spermless like a girl

Lucky in feeling

More man than I

Marry me, marry me, marry me

I want you as a wife

Spermless like a girl

Puking my guts at your feet

More man than I

Fru... fru... fru... frustration

Frustration"
