I got a girl
She looks somethin' like a kangaroo
I got a girl
She looks somethin' like a kangaroo
But I love her so much
There nothin' in this world she couldn't do
She gets up early in the mornin'
Way before the sun rises from behind the hill
She gets up early in the mornin'
Way before the sun rises from behind the hill
She says "Get up! It's time for your mornin' thrill"
But her arms are so short
She can't hug me 'round my waste
Yes her arms are so short
She can't hug me 'round my waste
I say "That's alright baby! Just let me look into your
kangaroo face"
I love her so much
Gonna tell the whole world that I do
I love her so much
Gonna tell the whole wide world that I do
You see we have two little children
And they look like a kangaroo too
