2, 3, 4, go!

i can't ever experience, anything like this freedom
you've given me.

you set me on my feet and you sanctified me.

working through this car of death and sin galore.

i need you to work in me, work in me some more.

i need you to work in me, work in me some more.

i need you to work in me, work in me some more.

freedom, that's what it is.

freedom, that's what you've given me.

freedom, that's what i have in you.

freedom, that's what all of us need!

that's what we all need.

that's what all of us need.

that's what we all need.

that's what we all need.

you took my soul, you lift me up.

you claimed my life and took me up.

now i can never be a slave again, again.

never ever, never be a slave again.

never ever, ever be a slave again.

never ever, ever be a slave again.

never be a slave again. go!

freedom, that's what it is.

freedom, that's what you've given me.

freedom, that's what i have in you.

freedom, that's what all of us need!

freedom, that's what it is.

freedom, that's what you've given me.

freedom, that's what i have in you.

freedom, that's what all of us need!

that's what we all need.

that's what all of us need.

that's what we all need.

that's what we all need.

you took my soul, you lift me up.

you claimed my life and took me up.

now i can never be a slave again, again.

never ever, never be a slave again.

never ever, never ever, ever be a slave again.

never ever, ever, ever be a slave.

never be a slave again. ah yeah!
