champagne bike ride
stars come into sight
everything is alright
everything is alright
sea side moonlight
take a break from our ride
lay our bikes on the side
everything is alright
everything is alright

i saw this pixie on a fixie out in front of the bar
i said "can i get a lift?"
she said "i don't have a car"
i'm on my skateboard baby girl and i got a bottle of
pills
and by the way your legs be looking all good
you could tow me uphill
she said "yo throw me a pill, and can my friend have
one too?"
hell yeah your girl is kinda cute and i can handle her
too

everything is alright
everything is alright

i got a message from her asking "what are you doing
tonight"
i'm grabbin' a bottle og gru and you and me gon' take
a ride
pumpin' the pedals sippin' the booze
up and down the avenues
swervin' checkin' your curves and i'm not a perv but
baby i'm pervin' on you
shit, the way you move so perfectly i see your pedigree
bringing you to ecstasy i'm totally sure that you'll agree
you had the nerve to text me at three so let this nerd
get sexy with thee
yo let this nerd get sexy with thee
come on girls get sexy with me

champagne bike ride

stars come into sight
everything is alright
everything is alright
sea side moonlight
take a break from our ride
lay our bikes on the side
everything is alright
everything is alright

cruisin' on my scooter with my tooter in hand
drivin' drunk again, lookin' out for the man
see a girl that i know ridin' up on her bike
hates scooter trash, but i'm the guy that she likes
so now it's her house
in and out
going south
rollin' round
i ain't talkin' bout ridin' bikes at all
i'm talkin' bout hittin' that against the wall
talkin' bout hittin' that in the mall
talkin' bout hittin' that bathroom stall
talkin' bout hittin' that in the trees
talkin' bout hittin' that with my p
talkin' bout hittin' that in the yard
talkin' bout hittin' that in the stars

champagne bike ride
stars come into sight
everything is alright
everything is alright
sea side moonlight
take a break from our ride
lay our bikes on the side
everything is alright
everything is alright
