take me as i am, my lover
crazy as i am
no other one can feel this way about you
i've come to see the day that i doubt you

i take you in my room, so dirty
irresponsible and flirty
while my stereo is singing low
your telephone is ringing
oh...

you're gonna let me go

take me in your arms my lover
make me feel like there's no other
even though you're keeping me at bay
it hurts much more than yesterday

take your hand right through the crowd
and i'll just smile cuz it's much too loud
i turn my head and you disappear
i call your name but you don't hear me
no

you're gonna let me go
