we make it work for a while  
then it falls through the cracks  
you say it's time to move on  
not a time to look back

feels so misleading  
our chemistry is fleeting  
lost and retreating  
and now i'm drinking again

so i move on for a while  
then i'm stopped in my tracks  
i hear you voice on the phone  
and it's calling me back

now i remember  
that night on a bender  
called you in tears and your voice was so tender

you'll always have my heart  
you wear it on your sleeve  
and though we're worlds apart  
know that we'll always be  
you'll always have my soul  
you wear it on a pin  
it always gives me hope  
someday we'll be again

oh god it's been a while  
i see you out on the town  
i tried to shoot you a smile  
and you just shot me down

now an evasion  
ends two equations  
i know you'll be back love  
cuz i'm not impatient

i'm leaving town for a while  
i'm going to iraq  
ok love that's a lie  
i just want you back

you keep denying  
but i'll keep on trying  
you've got the arms  
that i know i'm gonna die in

you'll always have my heart  
you wear it on your sleeve  
and though we're worlds apart  
know that we'll always be  
you'll always have my soul  
you wear it on a pin  
it always gives me hope  
someday we'll be again
