Got a feel for bullets and barrels baby.
Can't ask for more.

Can I play with your knives darlin'?
Then I'll see the door.

We're on our way to see. Another one to go.
We all turn around the same time baby.
Have I been before?

She would like to p u s h that finger
UP & DOWN

She don't want no other way.

The looking eye don't wander It stays up high.
Back down to the river of ghoul religion
Freedom I feel and that's the reason
We are ridin the Danger wheel

She don't wanna feel it baby.
Just say you will.
She don't want no other.
Come to... She don't want it.

I look round now baby.
I hear a soft sound now baby.
HAVE FUN

She don't wanna push that finger.
So won't you give it a go.
Gather all the people you gotta show them I been
found.
Runnin around in circles

UP AND
UP AND
UP AND
UP AND
DOWN
