Those diamond eyes behind the sun are mine
Those diamond eyes behind the sun are mine
Stuck in a place where you can draw the line
Never again will you kiss the skull
Never again will you see the sun
Now we're face to face yet you're still calling me
Now we're face to face yet you're still calling me

Your precious ships are gone
Now all your bridges burn
Now all your bridges burn

Those diamond eyes behind the sun are mine
Those diamond eyes behind the sun are mine
Those diamond eyes behind the sun are mine

A sleeping city in the sky
The storm pregnant with some thunder
So good it's gotta be a movie
When the door is open with no regrets

And the seal is broken with no demon
You'll wear the skin of the serpent
The antebellum
The fast rider
