Don't ever take yourself away
Don't ever take yourself to a place where I can't find
you
Don't ever take yourself away
I will never leave you, I will never deceive you I'll be
right there walkin behind you

Take your time, take my confession, take my crime
Take the halo I'm hiding and faith I got ridin on you

Rob me blind, I'd still see the best in human kind
In the way you make this broken world all shiny and
new

Don't ever take yourself away
Don't ever take yourself to a place where I can't find
you
Don't ever take yourself away
I will never leave you, I will never deceive you I'll be
right there walkin behind you

Take a cab to that little old diner and take a stab
At piecing together the steel and the feathers that
make me
I've been told my hand is a hard one to hold
I fly or I sing but give me poison I'll drink if you make
me

Don't ever take yourself away
Don't ever take yourself to a place where I can't find
you
Don't ever take yourself away
I will never leave you, I will never deceive you I'll be
right there walkin behind you

Take my tears to water the flower garden
Take my years so we can grow but
Don't ever take yourself away
Don't ever take yourself to a place where I can't find
you
Don't ever take yourself away
I will never leave you, I will never deceive you I'll be

right there walkin behind you
