Oh, I've been here before
& I know what's behind your door
& I know I'll be alright
But I want to be with you tonight

I know some stories they do get old
& I know what I've been told
Yeah I know I'll be alright
But I want to be with you tonight

Can you take me there?
You always knew the way
Out past the borderline
I promise I won't stay

In the morning I will go
Nothing to tell, nothing to show
Yeah I know I'll be alright
But I want to be with you tonight

I want to be with you tonight
