Do you see me and still feel love
Or have I changed inside your heart
To have only you, in search of us
To give all the missed love
You left and you came back
Decide to make it up with me
Decide to make me believe

He's down on bending knees
You're down on bending knees
Saying, you didn't mean it
You didn't mean it
If you didn't mean it
Then why would you say it
You didn't mean it
You never meant it.
Then why in the world would you say it

'Til tomorrow, don't you know
Love me now or let me go
He didn't mean it
You never meant it.
Then why in the world would you say it
Say it, say it

How was the way we used to be
Now you're the one that I can't keep
Thought I was first, and never last
Thought it was you, I would always have
You left then, you came back
Decided to make it up for me
Decided to make me believe

You didn't mean it
You didn't mean it
If you didn't mean it
Then why would you say it
He didn't mean it
You never meant it
Then why in the world would you say it

'Til tomorrow, don't you know
Love me now or let me go
He didn't mean it
You never meant it.
Then why in the world would you say it
It's time to let you go,
It's time to say goodbye
Boy, you need to know,
I'm done with you messing with my mind

You didn't mean it
You never meant it.
Oh.
You didn't mean it
You never meant it.
The why in the world would you say it.
You didn't mean it
You didn't mean it
If you didn't mean it
You didn't mean it
You never mean it it
Then why in the world would you say it

'Til tomorrow, don't you know
Love me now or let me go
You didn't mean it
You never mean it
Then why in the world would you say it
Say it, say it
Then why in the world would you say it
Say it, say it
Then why in the world would you say it
