Your quickening breath
My whipping flesh
The first fierce hunger baby
You're the wound of my world
I'm gonna prime you with oil
Your heat, your trix
The way you move your lips
It's my desire
To have you by my side

What do you want?
What do you feel?
What do you feel for me?
Never forget
Never forgive
Never for fun
What do you want?
What do you need?
What do you need from me?
I never give in
I never give up
I never give over to him

I need a rest and a cure
Girl, you're the one
What you do to me, it's one in a million
To get out of this alive
I'm gonna break in two
Unless I get something out or into you
And you rip my soul
You're the wound of my world

It's never for fun
I never give up
It's never for fun
I never give up
I never give up

Breath!

Your heat, your trix

Girl, you're the one
Girl, you're the one
You're the wound of my world
My heart, my soul
My heart, my soul
