He says we've been hanging out for a while
And he wants me to be his girlfriend now
I think we need to slow it down but he's not tryin'
To hear those words from my mouth

He remembers our first date where he took me and
What we both ate
He gets mad cause sometimes I forget
Can't remember the place that we met
He wants to be serious
I'm too young to be serious
I'm not ready for love, love, love...
I don't wanna be serious
We're not ready to be serious
I'm not ready for love, ready for love, ready for love...
With you right now(4x)

He always tells me that he's in love
But my response is never enough
He says that I'm so detached
I just think it's my reaction

To move away and give us space
Doesn't mean that I don't like you
But I like to move at my own pace
I don't wanna rush
Serious
I'm too young to be serious

I'm not ready for love, love, ready for love...
I don't wanna be serious
We're not ready for serious
I'm not ready for love, ready for love, ready for love...
With you right now (4x)

I'm way too young to be thinking of love, love, love...
Let's wait a while
What are we rushing for?
Let's take our time
I can't give you more than this
I'm too young to be serious

I'm not ready to be serious
I'm not ready for love, love, ready for love...
I don't want to be serious
We're not ready for serious
I'm not ready for love, ready for love, ready for love...
With you right now (4x)

Serious, Serious

Love, love...
Ready for love
With you right now
With you right now
With you right now
With you right now...
