At Six P.M.
We're sellin anything that we can find
For another line
Get A hold of yourself, you say

We're bound to get caught
And maybe then I can get clean
One day it's up to the seam
Harder for some you say

I told, I told her
That everything and you and me
I sold, I sold
Out everything but you you see?
Oh Oh

We're bound to get caught
We're bound to get caught
We're Bound to get caught
We're Bound to get caught
Oh oh
Oh oh
We're bound to get caught

I told, I told
Her that everything and you and me
I sold, I sold
Out everything but you you see?
Oh
I told, I told
Her that everything and you and me
I sold, I sold her
Out everything but you you see?
